

7/9/89

Dear Johns,

Thanks for your 6/24.

Whether or not I agree with much of what you will air is not what is important to me. What I regard as important is that the people not be misled or misinformed. Particularly not about errant officials who failed to meet their obligations.

Good luck with your show!

By the way, in addition to a cassette, you also said you would send me copies of the transcripts.

They can be valuable for archival purposes.

I'll assume you want no comment unless you ask for it.

Our best to you both,

Harold Weisberg

Dear Harold,

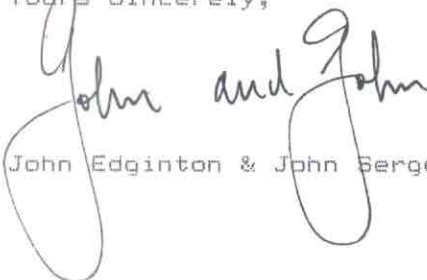

Thank you so much for all of your help and support in the making of our documentary on Martin Luther King Jr. You probably won't agree with much of it but rest assured you have been a strong influence! Your interview was extremely interesting and was very important to the film.

The film was made by Otmoor Productions for the British Broadcasting Corporation (BBC) and will be shown in Britain at the end of September. We have great hope, however, that it will also be shown in America on the Public Broadcasting System (PBS) and if that is the case we will write to you again to let you know the exact time and date.

We will also send you a cassette for your archives.

Many thanks again for your help and best regards to Lil.

Yours Sincerely,

John Edginton & John Sergeant
