Enclosed is a bit nore than you asked for last netght. Sorry I did not check the cassotte before starting to maike copies so you have too sheets you o $n$ trin to size. I' in a bit tired from pushine myself a little for the benefit of the 24 -hour heart monitor I'm wearing.

Sarah 'eale represented Otwood and was here with them. When $\bar{y}$ believed they were ging for lielanson's fictions and Kimble's concoctions and I came on the records of which I attached a page I wrote her because I was not about to pay for the trans-atlantic Shone call to warn them. Besides, on their nany calls from hemphis they were interosted in only the nutty stuff and never asked ne about anythint else. I debunked all they did ask about but they never askeu ne about either welanson or Kimble. I have analyses of his last two really awful and irresponsible books and $i$ have nove on Kimble. In going into the fiile I saw the duplicate pages enclosed. Dornabei's note. I never believed a word he suid so $¥$ never botbered to get co ies of what arrison had. If you want nore, ask Jim because Bud's nuttery probably has every jege on hin ${ }^{\text {farrison had. All fiction. }}$

After I sent this to the Johns they continuel to write what they knew wasn't true.
1 have a few copies and also my unansaered letter to the magazine gounterspy, if I recall the name correctly. Schaap's.

Bud's obit as a full colwn. I cú it to make copies on aincle page for bave and another friend.

If anyone is interested in the Nelanson part of the British so-called docunentary, the book is dishonest and is an atrocity combinini isnorance, kleptomania, fabrications and just plain stupidity. At luave' 3 request $I$ made a detailed analysis that is close to book length. There is tiat much that very bad about it.

There isn't a single thing about it that is in any way food or dependuble.
True also of $\mathrm{S}: \mathrm{y}$ daga. If the people who have any conce:n want to go over any of what + have, the above and my correspondence with the "ohns, they are welcome.

Dave will tell then what I say, -'ı sure.
Best to you both and your company,
