Dear Larry Ouimette,

I can't take time to write a biography but if you call at your convenience I'll help in any way I can. I suggest that you have questions in mind so I won't be telling you what should interest you.

Weekends the phone rate is much lower and that is as good for me as any other time.

I have to walk mornings as therapy. The doctor has me go to a local mall, where weather is no factor and I can elevate a damaged leg when that becomes necessary. I am usually home by or a little before 11. If you decide to do this on a Saturday, drop me a note in advance and I'll be sure that no errands take me away.

Sundays we generally visit in the morning and are home by 2:00.

While I'm to sit with the damaged leg elevated, I also ought not sit for more than 20-30 minutes without moving around a bit, so if you come to a place when you want to think, tell me and I can walk for a minute or less while you do.

Enclosed is a list of the books. Since we printed it I got a few copies of Oswald in New Orleans, which I did not publish myself and is out-of-print. They are, I regret to say, \$25 each if you want one.

Thanks and best wishes,

Dear Mr. Weisberg,

I am a student currently enrolled at the University of Wisconsin - Stevens Point. I have a class dealing with the problem of the assassination of the late President John F. Kennedy. My Professor is Dr. Wiene and he uses your book "Whitewash" for one of our textbook readings. I was very fascinated with your book and the problems you encountered while trying to get it published.

Dr. Wiene has also told us of other books that you have published and I have started to read "Post Mortem" and found it very interesting. I would like to know of any other writings of yours and where I could get a hold of them.

During class Dr. Wiene told us about some of the interesting things that you have done in your life and I was very impressed. I would like to write a short biography about you for a paper that is required in this class and I was hoping that you could furnish me with some information about some of your accomplishments as well as other events in your life. If you could do this it would be greatly appreciated not only by myself but also I am sure by Dr. Wiene and the rest of the class. If you decide to help me with this project you can send any information to the address that is listed on the envelope. If any problems should arise feel free to call me collect at (715) 341-7378. Thank you very much for your time.

Sincerely,

Amy Dumette
