Dear Mr. Parmenter,

Your flat-on-your-back writing is more legible than mine!

Thanks for your kind letter of the 14th. In my absence my wife sent the books.

Your project sounds more than interesting. I have never met any of Ruby's attorneys, but I did speak to Elmer Gertz by phone, as you heard, and you know his attitude from it, for he said he saw nothing to be gained by removing Ruby from Dallas. I'd think otherwise, but I'm not Ruby's attorney.

If writing is not too great a burden, why not write Gertz? He is in the Chicago phonebook.

As you request, I shall make nonreference to that part of your letter you went nothing said about. With regard to the Dallas patrolman, can you send me any other information of any kind on him? I shall refer this to Penn Jones, Jr., of Midlothian, Texas, in whom I have the utmost confidence. He is on the local scene, for he is but 25 miles from Dallas and knows the local situation very well.

Sincerely,

Harold Weisberg

Dear Mr. Weisberg:

Thank you
so much for your very
informative program with
Jerry Williams of W. P. B. M.
Chicago last nite. Being
a heart patient for over
a month I listen to
Gervy's programs every
nite. Having heard Mr. Lanes
program I must say that your

facts were much more
impressive to me than Mr.
Sanes. Therefore I would
like for you to send me
both of your books No. 1
and No. 2. Please
send them to THE
