

3/22/68

Dear Joel,

Sorry I had so little time in N.O. Worked intensively until Monday pm, when I returned, and since then have been with one of asst DA's, working here.

Salzman, WPKD, phoned. May be flying there for show soon, many thanks.

Pictures arrive okay in mailing dated 2/21. Have you time to explain? I've not studied, but did glance. Seems like one of officers was carrying a pump gun, which seems illogical. What interests me most is the rifle. The sight seems to be not identical with that in the Report and other evidence. Have you checked it. Can you, photographically, for me, if you have kept prints.

Againm thanks. Way behind, and a stack of mail awaits.

Sincerely,

March 21, 1968

Mr. Harold Weisberg
Shookstown, Maryland

Dear Harold,

I have enclosed the prints and negatives from the film that you gave me. Due to the poor quality of the film it was quite difficult obtaining a good image on the prints. In order to have gotten a better image, I would have had to let the film out of my sight for a day or so as I did not have the proper equipment. I thought this would not be too wise. At any rate you can see quite clearly the important points.

I want to thank you again for your kind assistance and cooperation while I was in New Orleans. I know that your time is very valuable. I hope that I can be of further assistance to you and please don't hesitate to ask.

Sincerely,

A handwritten signature in cursive script, appearing to read "Joel".
