Dear Harold,

I am enclosing my two most recent epistles. After seeing the way Geraldo handled Bowers' death, I decided to get into it a little more. Groden should settle down, stop telling stories and do more research. I sent a copy to Jerry Rose who will probably publish it in an upcoming issue of *"The Third Decade."* The other one (Warren Commission II) on the JAMA press conference and article will be in the next issue.

Brother Mack is supposed to do a review of Doctor Crenshaw's book for Rose. I provided Gary with some information including a letter I sent to Crenshaw's publisher (copy attached). I understand J. Gary Shaw was not pleased. However, if he thinks Oswald worked the U-2 mission from the Philippines instead of Atsugi, he has a screw loose. I think he was so anxious to produce the book and get some cash flow, he confused Oswald with Roscoe White.

Speaking of White, I received "honorable mention" on page 20 of Ollie's new book, *"JFK: The Documented Screenplay."* They concluded it was a publicity stunt. Remember "Watergate" and "Deep Throat's" declaration - Follow the money? Well, I am following Roscoe's dog tags. I am beginning to believe Howard, Shaw and Harris were in on the hoax early on. I am trying to develop information that the dog tag found in the canister was acquired by Ricky possibly in the presence of Joe West and Shaw in April of 1990.

There is also another reason I am writing. My wife and I managed to get inexpensive airline tickets. She has wanted to re-visit Washington, D.C. We will be up July 16 to July 19. The both of us would love to come out and visit. If possible, to take you and your wife out for lunch or dinner. We don't care if it's at 3 a.m. at the Frederick Mall. Let me know if and when you are available.

Best wishes,

Dave Perry
