Herb Philbrick was recruited by one of the Communist 'Peace' Groups. For 9 years he was on the inside of an organization scientifically bound together by fear, with total commitment to Global conquest by any effective means. Herb Philbrick is an inside man. Herb Philbrick must be heard.

Ever hear of Pavlov? Well, who experiments on you? What response do they want? How are you fed? Who does the feeding? What do you think? Why do you think so? Who wants you to think it? Do you know what is true? What are the lies?

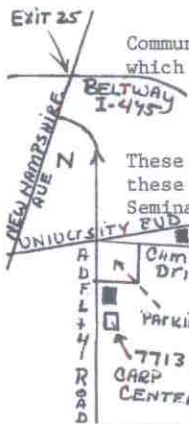

AND

--UNIFICATION THOUGHT SEMINAR--

Communism can never bring true happiness because it denies the very source of love, which is God. Does peace really come through hatred?

CAN HARMONY BE A WAY OF LIFE?

These are the fundamental issues of man's life. Before anyone can find happiness, these issues must be resolved. New ideas are presented in the 'Unification Thought Seminar'. They speak directly to you. So come prepared for new answers.
