SUBJECT: LEE HARVEY OSWALD, aka.
IS - R - CUBA

On the evening of June 2, 1964, ORVILLE O. NIX telephonically contacted SA GEMBERLING at his residence, stating that, upon examination of his camera after its return to him on that date, he had noted that the take-up spool was not returned with the camera and that numerous screws in the camera needed tightening.

Mr. NIX was advised that efforts will be made to locate the spool, and that in the event it was not located a new one would be obtained for him.

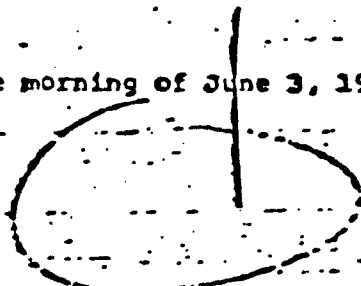

Shortly thereafter, Mr. NIX again telephonically contacted SA GEMBERLING at his residence and stated that, upon further examination of his camera, he had found that the footage indicator was loose and had fallen into the mechanism of the camera, and that he was somewhat concerned about the condition of his camera and as to whether it would function properly on his forthcoming vacation.

Mr. NIX was requested to recontact SA GEMBERLING on June 3, 1964, at which time arrangements would be made to appropriately get his camera in first-class working order.

On the morning of June 3, 1964, telephonic contact was had with SA L. L. SHANEYFELT at the FBI Laboratory, at which time Mr. SHANEYFELT was apprised of the calls from Mr. NIX. Mr. SHANEYFELT instructed that Mr. NIX be advised that he should take his camera to a repair shop, have it put in first-class working condition, and a new take-up spool provided and that the bill should be sent to the Dallas Office of the FBI.

On the morning of June 3, 1964, Mr. NIX was so advised.
