Dear Mr. Weisberg:

This is in reply to your letters of December 21 and 22, 1968.

Secret Service Control No. 109 is from Commission Document 87, and Secret Service Control No. 703 is from Commission Document 320. The affidavit of Jesse Garner is from his "Key Persons" name file and the Garner report is page 418 of Commission Document 205.

Copies of all records we have located by using the names you furnished have been supplied to you. No records relating to James J. Plaine or Dick White were found. You may wish to search further in the records of the Commission which we can make available to you in our research rooms.

You will be notified if any additional records of the Commission become available for research and copies of the pages relating to David W. Ferrie will be sent to you if these pages should become available for research.

Sincerely,

A handwritten signature in cursive script that reads "James B. Rhoads".
