Dear Harold:

I haven't recieved anything else from the FBI as of yet but I'm expecting the Doyle and the Hughes films soon.

Mr. Weisberg I hate to harp on the same thing, but can you help me out on the Couch or the Weigman films and contact prints?

This would be of great assistance considering today I phoned the Grinaburg library to ask about the Couch film, they told me that they have the film but the price for a print is so high, I don't believe anyone could afford it. They wanted \$25.00 a foot for the film, I could not afford it at that price, now I know some other researchers have these two films, namely F. Newcomb, but everytime I write to him, he replys back that he will sell me these prints and then I don't hear from him again for six months.

Mr. Weisberg any information that you can give me on the two films would be much appreciated, can you help me out?

Sincerely Yours,

Barry B. Plesce

P.S. I'll send down the documents on the Doyle and Hughe films as soon as possible when I get them.....

There is no way in which I can or I'd have offered

*Thanks
