

Dear Shelly Whitman,

7/30/94

I appreciate your letter very much and I thank you for it.

While I do not know if it requires the publisher's permission, if you want to do a T-shirt, fine! Unless you hear otherwise from me, it is OK. I'll ask him if it needs his permission, too. I do not think it does. You have mine and if you do not ^{hear} here from me further it is OK with him.

Thanks also for the thoughtfulness of the SASE.

Enclosed is a list of our books. When you order, please then tell me that you would like them autographed. At 81 and with a few medical problems I'll not remember by then.

It may interest you to know that in recent years most of the many who write me make it a point of telling me how young they are, many that they had not been born when JFK was assassinated and by and large most say that they were less than 10 years old.

I do hear from older people, too, but most are young.

In the mail with your letter was one from a man in Singapore who will send my books to his father in Australia who is 86.

If you ever have a picture taken of that fine painting, I'll appreciate a copy.

But do not, please, make one just for me.

All of my records will be a permanent public ^{archive} archive at a fine small local college, Hood College. It was originally a woman's college 100 years ago. It is still largely that. And that picture would be in it for others to see in the future.

It may also interest you to know that in the same mail was a letter from a retired FBI agent who said that after Reading Case Open he believes that Oswald did not fire a shot.

And to date I've not heard a peep from Posner or his publisher.

Many thanks,

Harold Weisberg

Mr. Wisberg,

I am interested in purchasing all of your books, except Case Open which I already have. Thank you, so very much for refuting Posner's book. Posner once again all by himself insulted our intelligence. A friend of mine painted me a picture of your book cover 2'x3' and I framed it. It's a prize piece, I also would like your permission to have T-shirts printed.

I admire you very much
even to see you on specials,
and to see your file cabinets
behind you is a good
indication of how much
time and work you have
shared with us in your
books. I also saw you on
a Dallas newscast discussing
the Charles Bronson film,
I am including a self-stamped
envelope if you can send
me the prices of your
books or you can call

I live in Oakdale, CA. I
was in third grade, when
President Kennedy was murdered,
and I can't let go from
that day forward. I'm
currently in the process
of forming a non-profit
organization to provide
study ~~group~~ groups and
lectures on the assassination.
I have one of the biggest
collections in the county
maybe even the state.
People come from all over

to see my collection, and
if they mention Posner's
book, I get angry of
course, I tell them don't
buy it. I have never
seen or even had a list
it was on, to order.
one of your books, until
I was in Berkeley, Calif.
Recently and found Case
Open. Once Again THANK
You, also for the dedication
and the time you have
spent on this case. I
consider you one of
