

ALERT!!! CAUTION!!!

10/10/93

Dear Richard,

There is what I believe is a major sensation here and I call to your attention the possibility that care may be needed to keep the originals from disappearing or to keep from being beaten with this if it gets out. On the other hand, there is the possibility that if it gets out, can that be major attention to the book?

I do not know whether Black Star still exists or if it does not whether it has been sold or consolidated with another agency. Or whether the negatives still exist. What I attach is a xerox of contact photographic ~~print~~ prints.

If you follow the numbers and the arrows you'll have the sequence of the picture-taking. At the bottom ~~not~~ curtains are on the windows. (Bottom 2) Then a man is seen putting them up. I was told he is ^{Jackson} the owner. Then they are in place.

When Black Star is approached I leave to you. But I think it would be a good idea to assert tight security in your offices. This is a serious matter to some people!

Do you also want me to have photographic enlargements made here in the event the negatives and/or the agency no longer exist? Also for security?

Best,

Hardy
