Dear Mr. Loomis:

Since you were intimately involved in the publication of Gerald Posner's Case Closed, I thought you would be interested to know that I have sent Mr. Posner the results of a one-month seminar I conducted on his (and your) book. Mr. Posner will receive the collection of student papers, including some documentary support, totalling over 150 pages. For your convenience, I have enclosed the cover letter that accompanied that collection of papers. In the remote chance you might be interested in reading about the many flaws we found in his work, you can get in touch with Mr. Posner. My students and I were truly appalled at the fact that such a book could even be published, much less praised to the skies.

Sincerely,

Dr. Gerald Ginocchio
