1700 VAN NESS AVENUE, SAN FRANCISCO

ONE MAN. ONE GUN. ONE INESCAPABLE CONCLUSION.

## CASE CLOSED

BY GERALD POSNER

- New information from Oswald's still-classified KGB file—and an exclusive interview with the agent assigned to him after he defected to the Soviet Union
  - Indisputable evidence from new computer enhancements of the Zapruder film, of how many shots were fired and at precisely what time
  - Conclusive ballistics and medical proof of the "single bullet" theory
  - New facts showing why the multitude of conspiracy theories are false or unsupported by credible evidence
  - An unsettling look at how the FBI and the CIA compromised the Warren Commission Report by withholding vital information
- Three decades after the assassination of John F. Kennedy, a brilliant, overwhelming book provides closure to the tragedy no one can forget.
