

Dear Mrs. Porter,

4/25/94

My enclosed Case Open is only about 70-25% of the original manuscript. I do not know why most was eliminated but there was nothing I could do about it. However, the full manuscript, about 200,000 words, is being retyped and will in the future be available. I tell you this because I have heard that one of your daughters was a journalism major and she may at some future time have an interest. When I told you some years ago that you and Mr. Porter would be ~~able~~ to go over all I have any copy anything that may be of interest your daughters were not grown. Now that they are, if they even have such an interest, the offer extends to them. No strings attached, nothing asked in return. As you are aware, I've never asked anything of you.

As I had the book written in proving how deliberately dishonest and factually incorrect Posner is I used the official evidence to show that there was no case against Lee. No theories or conj stures, official fact. It amount to exculpating Lee. I'm sorry that when most by far of the chapters were eliminated, this case that I had put together was pretty much eliminated, *for*

Best wishes,

Harold Weisberg
