Dear Mr. Pastorett,

POST MORTEM: SUPPRESSED KENNEDY AUTOPSY, is available in a limited (xerox) edition only. It is not in general sale.

However, for institutions I do make it available for copying if I, in return, get a copy that I can make available to others working in the field.

I regret my inability to get it printed and my own inability to pay for the printing.

I do not know how you learned of it. However, for your information, it is one of a three-part work on the autopsy and what relates. The third part is also published in a limited edition. It is titled POST MORTEM III: SECRETS OF THE KENNEDY AUTOPSY. The second part is researched and ready for the writing when I can find the time.

If you would like to borrow a copy under the above terms, let me know and when I have one available I will send it to you. The only cash cost to you will be that of insured postage. I would also stipulate that no public use be made of the content, as in the writing of others, for it is by this content alone that I can hope to effectuate the printing of the work.

Sincerely yours,

Harold Weisberg
