Security Measure to Protect the President, Report on; S.A.Stern, 2/17/64 101pp

- 2ff LHO Marines chronology. Selective in both content and formulations.
- 4-5 Tends to confirm that he had N.O. lawyer or another. Dean Andrews told me this was one of LHO's reasons for looking Andrews up. State Chron follows, Big gaps, jumps.

108f FBI chron. Segins 4/27/60.

- Secret Service records diclose FBI checks on LHO FBI records do not show. Also 18. No interest by FRI in LHO's return of 6/13/52 even through notified of it 6/4/62. 6/22 reported to FBI by Holland-American ine, INS.
- Biased version of Martello slip story favoring Fal.
- FBI's ref to CIA report indicates CIA had source inside Russian Embassy.
- 26 FBI NYC had NO FBI report not given to WC.
- FBI keeping secrets from Secret Service on LHO's alleged "subversive" contacts. 30
- 33-5 Entire CIA part missing except for heading and first date, 12/9x 9/60 Bottom page masked. No page numbered 34 here. No number top 35. Bortom stapled to blank page. Only think not omitted is citation of last source, CD347. IMS section fols.
- INS status has no LHO interview but FBI says CD9:10 INS inspector interviewed LHO on 6/13/62 arrival. Seems limited to citation of what is in Carina file INS.
- 42ff Measures Taken Before Dallas Trip
- 49ff Publicizing the Motorcade Route. Less than complete and homesty recap.
- 50-1 Stevenson incident. Omits Denton threat.
- 57ff Motorcade-premiantion.
- 64ff Assas ination. False accounting re shets, stc/
- Says Siebert, O'Neill joined SS when AF1 landed.
- FOOT Recommendations has long list questions of FEI, some very good, still unanswered. Some marked by me. Among the indications, early, are of the WC's need for all FBI LHO files. Awareness of "internal mail covers." WC staff to interview all FBIs involved. Rever happened.
- 88f LHO as agent, questions of to dos.
- 90 Recommends taking testimony from Hudkins, Goulden.

Clearly apparent is that from the first there was executive agency withholding from the Commission and that to a sufficient degree it was aware of this. Some of the errors can be attributed to this and to lack of knowledge for other reasons but not all. Nor all omissions.

Other FBI reports and one by INS were known and almost three months after the erime still not in WC possession. Hudkins and Goulden had not been interviewed and the recommendation that they be is timid at bost.

The inherent incredibility of some of the FBI's story was perceived.
