Dear Miss Bannon,

hope I have executed this form correctly. You people have always been so kind to the country's smallest publisher, I hope you will make any corrections you deem desireable.

I am assentially a writer, a mpublisher only because the established houses fear original vigorous writing on this subject. Dell is rep rinting both of my previous bo ks, WHITE ACH: THE REPORT ON THE WARREN REPORT and WHITE WORLD: THE FBI-SECRET ABBUT I COVERUP.

So, busy as I was writing, making up and printing the book, I had no time to do snything elso in advance. Because of the nature of the subject and the desire to preserve the crights to my own original investigative work, I have to print first and fast. So, while the actual pub date is June 29, the books are only now coming out of the bindery in quantity. They have been going to the wholesalers daily. There has been no previous announcement except a press release to Publishers' Weakly last weak.

The larger wholeselers who handled my earlier books will also be handling this ome. These include MAA, Dimondstein, Bookszine and Raymar. Several of those companies acting as sales agents say they will represent this book also.

I am sending two copies separately.

If there is anyone else in the Bowker establishment who should be notified, can you please let them 'mow, or tell me so I can? Is there anyone else to whom I should send copies?

A window display of three FBI reports is available to bookstores. Most of the wholeselers are mailing them out. Others are available from me.

If you have any other questions, please ask them.

Sincerely yours.

Harold Weisberg
