Dear Mr. Read,

Please excuse this delay in responding to your undated letter the envelope of which has an illegible postmark. After three months in the hospital and so-called nursing home I'm feeble but home and three mornings a week are taken up with kidney dialysis. In addition, we both have other medical appointments so I've little time. However, I do respond in the haste I hope you'll excuse.

When my wife fractured her hip I gave Hood College, here in Frederick, pursuant to an earlier agreement, all the remaining stock of the books that were published. They can provide any you do not have. None since NEVER AGAIN! *They'll also get my files.*

The Russian files on Oswald greatly exceeded the volume they gave Clinton. They know the US did not ask for them at the time of the investigation and they were not about to embarrass this government by disclosing what could mean anything. If it exists. Blakey, as usual, smells like an overused and undercleaned barnyard. He had no "intelligence" on Oswald's alleged threat to kill JFK. That was in an FBI report from an anti-communist informer it had inside the CP, a man anxious to do something about and to the USSR. He was a sinister liar who could have set the world aflame with his lies.

If by the truth you mean who killed JFK, I have no reason to believe that it exists on paper to be disclosed. As you may remember from NEVER AGAIN! the crime itself was never investigated and was never intended to be investigated.

Any request to the FBI will be placed at the bottom of a very large accumulation of FOIA requests. You'd be lucky to hear from them in three years.

Hood College is at 401 Rosemont Ave., Frederick, MD 21701.

Thanks and best wishes,

Harold Weisberg

Dear Mr Harold Weisberg,

When I last heard from you, (actually Mrs. Weisberg), you were over-burdened with work. So I do hope you will forgive me if I add to your onus.

First, and foremost, I would like to know if you have written, or published, any more accounts since "Newer Again"? If so, how may I obtain a copy, (copies)? I've most of your publications.

Also, have you any information relating to the Russian files on Lee Harvey Oswald, which were handed to President Clinton by President Yeltsin, at a G8 summit in Cologne, earlier this year?

In March 1979, Drs. Hume, Petty, Boswell and others were interviewed by the House Select Committee on Assassinations, (the second session). The transcript of that session was published, (I believe), by the U.S. Government Printing, ~~1979~~ Office, 1979. The critical parts were, (I believe), on pages 243-255. How, if it is possible, can I obtain a copy of that transcript?

It does seem that, recently, there has been an effort by the media, to establish the myth, that L. H. Oswald was the " lone Assassin", (or reinforce perhaps).

Do you think that the truth will ever be told?

How do you think the FBI would respond to any enquiry concerning the JFK, (or RFK), assassination?

I would be grateful if you could help, but I would understand if you are unable. I am yours most respectfully : ~~Mr~~ Mr. D. F. Read.

P.S. Are you on the Internet? If so,  
what is your address?

Is the Warren Commission ~~24~~ Hearings  
and Exhibits on the Net? Address? If  
possible.
