Dear Mr. Ramos,

As a generakity I do not subscribe to any of the newsletters on the JFK assassi-
nation, mostly because they theorize solutions that are not based on fact and deceive and
mislead the people. Which is also true of most of the books. Because the crime itself
was never really investigated officially and was never intended to be there are no real
leads to be followed and almost all of those who have come forward with fanciful stories
that most so-called critics believe are fakers who made it all up for various reasons.

There are precious few doing real research, on other than these theorized pipe-
dreams. The Assassination Archives and Research Center, 918 F St., NW, #510, Washington,
DC 20004 has the largest collection and is not limited to these nutty notions. That are
so very attractive to those who lack factual knowledge!

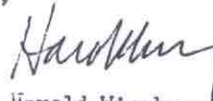

There is one good videocassette and it is superb, "Reasonable Doubt" by Gerard Selby.

Probably the best of the newsletters is The Third Decade, editor Prof. Jerry Rose,
New York State Univ., Fredonia, New York.

I enclose a list of my books. You'll find no theories in any of them.

If you get them, remember they are a series and thus it is better to read them in the
order of their appearance.

Sincerely,

Harold Wbesberg

Dear Sir:

I am interested in obtaining information about the John F. Kennedy assassination. I'm wondering if you could provide me with any sources of information, such as authors, researchers, research or information centers that I could write to. I would also be interested in books or video cassettes that you would recommend.

Also I would be interested to find out if there are any journals, newsletters, or magazines I could subscribe to. Is there a John F. Kennedy library that could provide^{me} with any information, I would like to write to you if you have the time to write back. I was 9 nine years old when President Kennedy was shot, the assassination has always bothered me & I have been very curious all these years. Since 1988 I have become much more interested in the subject & would like to learn as much as I can about the assassination. I'm very interested to know what your opinion is on the assassination. Thank You for taking the time to read my letter and Thank You

for all the research you've done on
the subject.

Sincerely,
Mark Ramos
