Dear Dr. Rosenberg,

My reason in addressing you by surface mail is not penury, although we are quite broke and even a big success with this edition of WHITEWASH will only pay the printer. It is to give us an idea of the time required should others, especially bookstores, want copies. Airmail is frightfully expensive. It cost, as the enclosed receipt shows, \$3.90 per copy, or \$3.00 more than you sent.

Gradually, despite the major efforts at suppression, the book is taking hold. One distributor phoned for an additional 500 three weeks after getting his first supply. I have been attractive to radio, apparently, and more recently to TV, on which I have been once in Washington and before you get this will have been in both New York and Philadelphia.

Thank you for you interest and any you may be able to foster in New Zealand. I think you will find that, upon reflection, it is reasonable to assume that much more is here involved than the murder of the President or the ensuing whitewash.

Sincerely yours,

Harold Weisberg

Dear Mr. Belfrage,

*aw*  
Do you think you could send me  
by fastest mail the book by Harold Weisberg -WHITEWASH?

I am enclosing a cheque for 25 swiss  
francs which should cover the cost - please let me know  
if it does not.

Incidentally - what happened in  
the Argentine? Another CIA plot as in Congo Brazzaville,  
Pakistan? The Iron Heel at work. But I suppose there  
is light at the end of the tunnel. Reminds one all too  
much of the period of the Great Reaction "The Holy Alliance"  
from 1815 to 1848.

All the best and kindest  
regards,

Yours,

*Wolf Rosenberg*
