## Writer Gets Papers on Ray

FREDERICK...  
Harold Weisberg of Shooks  
town... believes James  
Earl Ray is not the man who  
killed Dr. Martin Luther King,  
said today he has got all the  
documents... except for two  
... which he has sued the  
federal government...  
The documents are copies  
of affidavits from the London  
extradition proceedings  
against Ray... following the  
proceedings, Ray was return-  
ed to Memphis, Tenn., where  
he waived trial and was sen-  
tenced to life imprisonment.  
The two missing documents

are photocopies of the folder  
in which the U.S. Justice  
Department kept... at  
affidavits and a letter from the  
department... vowing...  
Weisberg has...  
everything in the file.  
Weisberg says he will not  
dismiss his suit in the U.S.  
District Court in Washington  
until he has these. The Justice  
Department earlier had asked  
that the suit be dismissed be-  
cause it had allowed Weisberg  
access to the file.  
Weisberg says the docu-  
ments he sued for may help  
get Ray a trial in open court.
