

Dear Jerry,

11/12/80

The day after you phoned the copy of "anes" clemency appeal did come. Thanks.

I understand he has filed more since then. The one you sent has very little to it and I think can't accomplish much. I'll be interested in seeing the new one.

Memphis
A Memphis reporter asked me for a copy so I sent it to him. When he asked me for the new one, which I don't have, I told him how to get in touch with you.

Thanks for the update on John. I guess he knows what he is doing but I can't see how it is doing him any good.

If there is a picture of him gagged and in a glass cage I'd like to see it!

Was back at the hospital today. I'm getting along OK but not as fast as they'd hoped.

Don't have to go back for three weeks.

And I remain pretty limited in what I can do.

Sincerely,

Nov 10, 1980

Dear Harold,

I'am just going to type you a fast letter to bring you up to date on John case.

As you probley realize i have been all worked up about Reagan Landslide victory, i figured he would win big, but not quite that big.

It will take Reagan a couple of years to undo all of the damage that smiling Jackass did while he was in office.

But you wait and see, unlike Carter, Reagan will keep his campaign promises.

I also voted for the Republican Senator from Georgia, as i figure Reagan can get more done with a majority of Republican senators in the senate. Once again i can hold my head up high and look anybody in the face and say, I'am and American, and i'am proud of it, i feel like shouting out so everyone can hear me across this great land.

Reagan will be President for the next Eight years if his health holds out, and you will know your living in America after those eight years. Sen. Orrin Hatch is going to replace Birch Bahy as the next Chairman of the Senate Labor Committee, and he said his first action will be to abolish Affirmative Action, he went on to say that under his admistration Whites wont be discriminated against, as it is now he said that Blacks are giving preferred treatment, but no more.

At long last we have a White Man as President, no more of this free loading for the Blacks, no more preferred treatment for the Blacks.

John latest Court hearing was about 10 days ago, he said that they set his Trial date for December 8, but he also said that he was pretty sure it wouldnt take place then.

His reasons for that thinking is because he got rid of the Court Appointed Atty. and he asked for another Atty. he said the one he did have was more interested in representing the State Of Illinois and the FBI interest, then he was of representing his client.

His latest hearing was held in front of a Jury, but they gagged John, plus put him behind a Glass Cage.

It was mainly a sanity hearing, but being John was gagged he couldnt answer, so the Judge would make his ruling anyway.

John had gotton rid of that Public defender before the hearing.

I should be getting a 50 mollar check in the mail anyday now, as Warren Smith lost 50 bucks to Hoss on the election, i shouldnt have to work for a living, i should just make bets with these hoosiers.

I remember back in 1972 when Georgie Pie bet me 25 dollars that McGovern would beat Nixon.

These fools should learn that Hoss isnt only a Bad Ass, but he also has a head on his shoulders.

Actually i have the world in my hand, as i'am a Bad Ass, I'am smart and i'am a pretty Boy.

I'll sign off for now, let me know in your answer if you ever received James Clemency appeal that i sent you a couple of weeks ago.

Smiley
