

5/20/80

Dear Jerry,

Your 5/17 came yesterday.

Whatever else there may be on that tape I'm not going back to listen to it. Not only do I not have time, I'm just not going to and wouldn't if I had time. I told you many times that if you want me to pay attention to anything, leave out your political grabbag, what you consider to be jokes and that terrible noise you call singing. If I come to any of this the tape gets turned off.

The local papers carried nothing about Stoner's trial. I saw one bit on TV and heard of radio that he'd been convicted. The prosecutor was on the radio saying that Stoner's own testimony convicted him. Of course I don't know anything about that or anything involved in the trial.

Sorry there's been no word of John. Hope I'm wrong but from the first I've thought that something could have happened to him.

Sincerely,

Sir. Jerry (Rouel) Ray

Dear Harold,

I received your note dated May 10, 1980, and i must say i was surprised and dismayed upon opening your letter and only finding a couple of typed lines saying you didn't listen to the complete Tape.

I have told you in the past that i don't like that, expecially when i make a 45 minute Tape, and you write back stating you only listened to a few minutes of it.

I have more important things to do then to fill you in on whats happening if you don't appreciate my knowledge and wisdom.

I just don't happen to have a one track mind, as i also have other interests, and i thought that i would enlighten you with them.

Now i have always considered you my Keister Pardner, so lets keep it that way and you show more respect for my Political outlook on life, also my habit of copping sunday punches on some suckers.

I guess you heard the bad News about JB, it was a complete frame-up, but i think his sentence will either be thrown out, or he will get a new Trial. JB didn't have to spend one minute in Jail, as he had somebody there to go his bond, and he went from there to a resort where he will spend several days vacationing.

I'll have to work with JB on his appeals for the next year or so, so my Patriotism will keep me in Marietta for awhile.

I should be receiving 50 dollars in the mail anyday now, as i had a 25 dollar bet with Warren Smith and the same amount with a friend of his on Reagan, they both bet me 25 that Reagan would win the Republican Nonimation. I told them after i win that bet then i'll put a hundred on Reagan to beat that retarded SOB they call Carter.

The American public would vote for any republican over that lousy SOB, the sad part about it is he have the country so screwed up by the time Reagan gets in , that it will take Reagan 8 years to undue the damadge that was done under Carter, first he will have to deport all of those Cuban Monguals, also those slant eyes Boat People, and take back the Panama Canal.

Then we Americans can be proud again, Proud that we are Americans.

Up above i made a typing errow, Warren Smith and his friend bet me that Reagan wouldnt win the Republican Nomination., i wanted to make sure that is clear with you as Reagan is my Pardner.

If you were serious and didn't listen to the complete tape that i sent you, then you ought to as there is a lot of interesting things on the tape, i only sang one song on the whole tape, most of the tape were me talking on serious matters.

I still havent heard anything about Jack, so i guess he must be doing okay. I'll sign off for now and get this in the mail.

Your Pardner
