Dear Harold,

I received your letter a couple of days ago, and thought that i should reply pronto. On my last Tape to you i asked for the Blakey documents again, you should have received that Tape a few days ago.

I told you previously that it wasnt for publicity purposes, furthermore the News Media wouldnt be interested in it as they are only interested in exclusive News, and not something that has already been written about.

I'am tired of making these long Tapes when you claim that you don't listen to the complete tape. Hoss demands a little respect, and if you abent going to listen to the complete Tape, then Hoss don't see any reason for making them.

I take a time from my busy schedule to make you and h-our tape then you have the gall to tell Hoss that you didnt listen to the whole tape. Hoss don't like that.

Jack phoned me a week ago today, as you know that is the day he was released from Springfield. I didn't receive the call as i was on my way to the P.-O. when the call came in, he didn't phone back so i guess he is okay.

I'am going to make this brief and get it into the mail. I just wanted to remind you to listen to my last tape and mail me the Document that i requested. We had better reach and agreement on my tapes, we can reach and compromise, for instance every other tape i'll sing and tell Jokes on, the other one will be strictly buisness, but you would have to listen to the complete tape in both instances.

Sincerely

Hoss .
