

Joel Palmer's tape of phone call
to Nancy Bernin Beck has struck
no guison: That he paid her for
sex ("the money was great") in his
appt & "he isn't leading cards in
The French quarter any more" -
Mary Farrell has - Palmer played
it for Bond & me 12/2/68 & I listened
again 11/26/71. He also refers to five
several times - wanting to live - and to
those who know - what goes on in N. C.
better than Garrison. He makes
frequent reference to Fort W. of
the L. A. State Police. The conversation
was shortly before Palmer played it
back to Beck & me.
