SUBJECT: ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY, AT DALLAS,
TEXAS, 11/22/63

At approximately 5:15 p.m., on August 6, 1968, DAVID RICHMOND appeared at the New Orleans Office and requested to be interviewed. RICHMOND furnished the following information:

He advised that at approximately noon, on August 6, 1968, he traveled to 700 Baronne Street, to see MAX HILL, who owns a frame shop at this address. He advised HILL is a personal friend and he obtained a \$50 loan from him. He stated HILL then accompanied him to lunch at Lennie's, which is located a few doors down on Baronne Street.

He advised after lunch he and HILL departed company and he walked to the corner of Baronne and Girod Streets. He advised he was standing at this corner waiting for a streetcar when a dark maroon Camaro, year unknown, pulled up and stopped. There were four white men in this vehicle and two of these men got out of the car and walked over to him. One of the men said "Someone from GARRISON's office will contact you in the near future about your association with DAVID FERRIE. If you want to stay healthy and keep your family healthy, you won't say anything. Let's get into the car and talk about it." He advised he entered the Camaro and sat in the back seat and the driver drove down Baronne Street and into the French Quarter. He stated that while in the car, these men asked him questions as to why he left his last job at Edwards Engineering, and how he liked his new job at Alliance Machinery and how the new baby was doing.
