Dear Mr. Weisberg,

Thank you for your prompt response. I truly appreciate your views on the Veckman - Summers story. It was sensational, and I didn't know what to make of it.

I'm looking forward to all the political maneuverings from now till Nov. 4. It'll be interesting to see how Anderson's candidacy fares. He's not my favorite candidate, but it's easy to support him over Carter - Reagan. I also want to see if Barry Commoner makes any waves (Citizens Party); and the Libertarian Candidate Ed Clark espoused a unique philosophy.

Enclosed is a clipping about the FBI trying to put a connection

between the Gordon shooting and
John Lury Ray.

If there are any interesting
clippings, I'll send them your
way.

Sincerely,

Barbara Gordon Pinsky
