Mr. Peggy Adler Robohm  
45 Lawson ~~LYNE~~ Drive  
Madison, CT 06443

Dear Peggy,

My pre-dawn trip to the road to get the paper aborted by a skunk hiding under my car after I started out - he was eating sunflower seeds the birds waste - this is what I learned yesterday that may interest you.

When Gary Mack phoned me for another purpose he told me he had spoken to Adams, that he later remembered something else and phoned Adams to tell him - I think that was Friday - and that when Adams was not in he gave that information to the sergeant who took the phone.

Gary also told me that Harry knows about the police investigation now because he referred to it in a phone conversation with someone in Dallas when he was there.

I obtained the strange Operation Interhel enclosure from a man who does not want it known that he gave it to me. He got it from Livingsstone.

I do not believe that any such group could exist without one of us knowing about it. I therefore believe that Harry made this up for his own improper uses. Either that or what may be more likely, he had it done by one of his hangers-on so he could say he did not do it and that it was given to or sent to him.

What seems to be a phone number written in the right margin begins with the new Baltimore area code. I've never phoned Harry. My rotodex has the number he gave me years ago. This is not that number.

I call to your attention that this does not seem to be the entire Operation Firehel communication because it does not include the name and address of the person who sent it or to whom the requested \$5.00 is to be sent not by mail but by Western Union. Dictating that it be done by Western Union seems strange to me. But there must be a reason for it.

The person who wrote it seems not to be from the Baltimore/Washington area because those living in that area know that it is Silver Spring, not Silver Springs.

And there cannot be "dozens" of persons who know of Harry's "rumors" about me because he has not been public with what he has said about me. Whatever he has said about Marrs, and I know of nothing, he has been pretty vitulent about Mary and the Garys. They are part of his imagined conspiracy and are not mentioned.

If there is any significance to the date, it is before he first assaulted Mary and me by mail, just before he did it. This would seem to be before he started his slanders. Or, aside from ASIF, where Mack and I were not present, none of this had happened yet. That was last October. This is additional proof it is a fabrication, I think.

Best,

## OPERATION FIREHEL

Mr. \_\_\_\_\_

The nature of this letter is confidential, and for your eyes only; the source of it is not important. I would like to make you aware of an underground movement in the research community that now encompasses over a dozen key players in the research world designed for the specific purpose of discrediting Harrison Edward Livingstone for his negative impact on the credibility and integrity of the research community. Livingstone's most recent escapades in Dallas and New York involving his attacks on key critics and harassment of others by an underground network known only as the "Baltimore Cops" has prompted many to take action to preserve the well being of our community and our commitment to the truth.

In the past, Livingstone has operated as some pseudo dictator of the critics circle having attempted to buy his way into professional relationships, as well as attempting to discredit others who have ongoing research and scholarship in the works. In addition, a thorough factual review of High Treason II has been conducted by an independent law firm for accuracy and integrity, and the results have been seemingly overwhelming that Livingstone has fabricated, and in some cases even distorted the truth of previous actions of others and their works.

I don't know how aware you are of the personal attacks Livingstone has waged against individuals and the personal campaigns he has waged against critics and their families. He has been the direct source of rumors that encompass pure fabrication of the credibility of such distinguished members of the community that include personal attacks against Robert Groden, David Lifton, Jim Marrs, Harold Weisberg, Mark Lane, and I suspect even yourself.

The collection of individuals that I represent, herein referred to as FIREHEL, have carefully compiled all this information as well as other personal information about Livingstone's personal history that are simply shocking as a collection. I assure you that all this information is accurate, and has been confirmed by literally dozens of reliable sources stretching from Silver Springs, Maryland to Dallas, to New York. Only now that we are 100 percent positive of the claims we have made against Livingstone are we prepared to take action.

I should also make you aware that Livingstone's lavish visits to Dallas, including first class accomadations and side deals cut with fellow cohorts, has led us to question the brigin of Livingstone's financial backing; we believe he may be an agent funded by the government and designed to destroy the research community.

I would like to ask you to join our efforts and become part of FIREHEL as we prepare to go public with our information. We now have set the time and place of the release of this information, and would like you to offer any additional information that might assist us in reaching our goal of disbanding Livingstone from the community. Once you confirm your loyalty, I will provide you with copies of all our information and sources. I will be contacting you sometime in March and ask that you seriously consider whether or not you can afford to be the next personal target of Livingstone.

-----  
It is imperative that you are prepared to participate by the next time I contact you, as we are considering presenting this information to the community at the Chicago Conference April 2, 1993.  
-----

The wrath of this negative force in our community has delivered seemingly unrepairable blows to not only some individuals, BUT ALL OF US. We must discredit and disband Livingstone before he is allowed to continue his efforts against the community as a whole. In addition, the upcoming anniversary of the assassination has allowed many critics to produce scholarly and accurate work that now is threatened by the efforts of Livingstone as he is close to infiltrating the networks set up in the Northeast and Dallas that have worked so hard to complete these works.

We have also received word from numerous reliable sources that Livingstone is now working on High Treason III and is attempting to discredit many who have worked hard to establish themselves and their findings.

To confirm receipt of this memorandum, in the next few weeks I will provide you with a Western Union account number that contains five dollars cash and will be accessible only through the password FIREHEL. Once this money is withdrawn off Western Union, I will take that as notification of your loyalty and will contact you directly after that point.

Again, I can not stress the severity and urgency of our underground to succeed, and how important your support will be. Please do not share any information contained in this letter with anyone, and if you have contact with Livingstone I suggest you sever them immediately as you could easily be construed as a Livingstone supporter, and that could be unfortunate . . .
