

6/29/70

Dear Harold,

I'm sorry ~~that~~ it was not until today that I could sit down to write you. Please pardon the delay, but be assured that in the days since I returned, my fondness for you and Lil (and for the countryside) and my appreciation for all you did for me has not dwindled. As you must know, my gratitude cannot be ~~xxx~~ expressed in words; I hope it is conveyed in deeds. Please accept the check as a token of both my own and my family's appreciation.

The projector works fine. Again, a million thanks for it. It is a big help to me.

There is nothing of real urgency to say. I'm enclosing copies of the papers you requested. The pages from CE 2011 need no explaining. The Rankin letters requesting the chain of possession and the statements from TSBD employees are as clear as I can get them for you without ordering ~~me~~ other copies from A. If you like, I can do this or you can write yourself--either way is OK with me. Attached to the letter re TSBD employees is a little memo I wrote which may help you.

I've been furiously working on the 5-way comparison between the autopsy report, notes, etc. It is amazing and I expect to have it done soon.

By the way, when I arrived home, a copy of Nichols' suit awaited me with a letter from John inviting comment. As of yet, I have not answered. It would suit me fine just to write him thanking him and wishing him luck. However, I know of your concern re my contact with Nichols and I thought I'd write you of this first.

Also enclosed are some old 8mm movie reels which, I believe, you can use on your tape recorder.

Again, many many thanks to you and Lil.

Best,

*Howard*
