Dear Harold,

This is re your note on the PM appendix which you located and your marginal note indicating you'd like your kind offer kept quiet. I will gladly collate the sets next time I'm there. I'll add this to my tentative list of things to do.

Of course I'd like a copy of this. And again, the kindness ~~XX~~ and the meaning of your offer is not lost and is quite appreciated.

Best,

*Howard*
