Crimina, p.J.

State Employment Commission and obtained the services of CHARLES HALL STEELE and MANUEL GARCIA GONZALEZ to help him distribute Fair Play for Cuba leaflets paying them \$2.00 for an hour's work. STEELE was interviewed and said that TV cameras took pictures of the three distributing the literature so he obtained his money and quit. MANUEL GARCIA GONZALEZ was never located, but STEELE's story seemed to confirm that neither of them had known OSWALD before.

You will recall that we have received information that **Qairison**believes that an individual by the name of "GONZALEZ" attended a meeting in FERRIE's apartment to plan the assassination. It could be that Garrison is trying to link the missing MANUEL GARCIA CONZALEZ to this "GONZALEZ."

Since the unknown woman in this memo said "MARTO GRACIAS" was identical to the individual displayed on television, and this individual was probably SERGIO ARCHACHA SMITH, I don't believe this has any connection with the missing MANUEL GARCIA GONZALEZ.
