MEMORANDUM FOR THE GARRISON FILE

Sue Fitch advises that she has a low regard for Harold Weisberg in that he was fired from a governmental position for associating with Russian Nationals believed to be espionage agents.

I told her that my dealings with Weisberg had been at arms length; that I had done some favors for him and that he had provided some information for me. He has done more for me than I have for him, including furnishing to me copies of inter-office correspondence between members of the Warren Commission and the Staff, which was highly enlightening.

She said that she had heard that even though Boxley was fired by Garrison and was trying to implicate Mr. Hunt and myself in the Kennedy Assassination he (Boxley) was still thinking about coming to see me to ask for a job.

I thanked Sue Fitch for the information and told her that I had read Weisberg's books; I did not know that he was anti-H. L. Hunt in the beginning but that I had an idea that I had converted him based upon some material Mr. Hunt had written which tended to show that Mr. Hunt was not anti-Semitic.
