Dear Harold:

I have recommended Bob Castorr to Mr. Hunt for his Washington representative. We do need someone, and I think he would be excellent for the job.

You mentioned Mary Farrell and Arch Kimbrough, and like you, I had never heard of them before. I have been so busy with personal matters that I have not taken much time to pursue the assassination. I have talked with a Mr. Peter Noyes, with CBS in Los Angeles. He is from our conversation competent and dedicated. At first, he was following through on Braden, whose real name is Eugene Bradley, but now he has backed off, saying that he talked with Intelligence in Los Angeles, and found them to be so knowledgeable about Braden that he doesn't think Braden is connected in any way.

He still invited me out to inspect his files, and I shall take mine when I go.

Best regards,

Paul M. Rothermel, Jr.

Dear Paul,

Thanks for your letter of 8/8 and the mailing I got yesterday.

You didn't brag about how many sets you got!

If Noyes is the man of whom Bud Fensterwald has spoken to me, he also has a high opinion of him. I know he spoke of a CBS Los Angeles man.

I have done nothing on the Bradley angle and, frankly, never believed it.

I have just completed the rough draft of my writing on the King case and the Ray trial. What Foreman did is beyond belief. What do you people think of him? He should be brought to book, and I think it not impossible.

Fact is, that whole thing is simply incredible. It just doesn't seem possible so many wrong things could be done by so very many people. I don't think Ray is the murderer, and the evidence presented to convict him is enough to acquit.

Excuse the haste.

Best regards,

Herold Weisberg
