Dear Paul,

As the area expands the post office rennumbers the rural routes. We have not moved but we have and for about three years or more have had a Route 12 address. However, the local postal people are pretty nice, so they forwarded your notice of your new offices and associate.

I hope it is a happy and prosperous arrangement for you.

No hard feelings over what you gave the Dallas F.O. I'm not happy about their typical misrepresentation in which I'm confident they do not reflect what you said.

If you had asked me I'd have said, of course, give it to them. Or if they had asked me.

(However, if there was anything else I'd sure like to know because I do know they are holding back relevant records about which they also lie and I do have some samples of some pretty vicious fabrications, widely distributed, including ~~the~~ ^{the} LBJ. I was to be able to leave corrections, that's all. Can't be undone.)

Lonnie, Len and Mary were here a few Sundays ago. They got a new car and were no longer reluctant to go on superhighways. They (and their car) look good.

If you were not aware of it Gemberling has been rehired as a consultant on a need and FBIHQ prior approval basis for each use. They cut corners with him. He was to be paid only the difference between his retirement and his last pay rate, on an hourly basis. But I guess he is happy with it.

They apparently didn't tell you that they had a Hunt investigation, suspect one, too. I paid no real attention as I skimmed those records. I think it was of Bunker. Forget why.

I've got the almost 100,000 pages of FBIHQ records released. Haven't had time to read as many as I'd like to.

Good luck,

Paul M. Rothermel, Jr.

and

Jeffrey V. Coen
