### SYNOPSIS:

The President's Commission by letter dated March 3, 1964, stated that they would like to have copies of all records of interviews with Ruby contained in all FBI records and also copies of all records of interviews of other persons at all places at any time prior to November 23, 1963, wherein Ruby is mentioned. In view of the extremely broad nature of the Commission's request, it was necessary to have all field offices check their indices thoroughly for any references whatever to Ruby and furnish copies of the original source material containing these references for submission to the Commission.

Copies of the original records as submitted by the field have been carefully reviewed at the Bureau. No material was submitted by the field other than that wherein the information pertaining to Ruby had been excerpted therefrom and adequately reported and furnished to the Commission. The only purpose to be served in furnishing copies of the records of the original interviews or other original source material wherein Ruby is mentioned is to satisfy the Commission's request. The material submitted does not contain any information which could logically serve as a basis for further inquiry relating to Ruby or his possible connection with Oswald or the assassination itself. In all investigation conducted to date we have not developed any positive indication that Ruby ever knew Oswald or ever had any connection or association with him prior to the assassination of President Kennedy.

It is noted that Ruby was contacted by an Agent on March 11, 1959, to determine if Ruby was in a position to furnish information regarding criminal matters and if he would be willing to do so. He was advised of the Bureau's criminal jurisdiction and he expressed a willingness to cooperate. Ruby was subsequently

This Bureau did not at any time, at any place, have any other contacts with Ruby or interview him prior to 11/23/63.

ACTION:

Copies of the original records setting forth interviews of persons who mentioned Ruby and copies of material from our files wherein Ruby is mentioned prior to 11/23/63 are being furnished to the Commission by cover letter attached for approval. This material is set forth verbatim from our files with the exception of instances wherein it is necessary to protect the identity of a confidential source or informant.
