Dear Dave,

4/7/92

Jim Lesar phoned me last evening. He heard from the lawyer in Maine who is handling the FOIA lawsuit of Sherry Sullivan, daughter of Alexander Rorke, the anti-Castro mercenary, who seeks the FBI and CIA records on her father.

The lawyer was rather tickled with it. I drove into town yesterday morning and faxed it to him and mailed the original to Jim, not having the lawyer's address.

The lawyer, Jim says, thinks it will stir things up a bit up there.

The enclosed copy is identical with what I faxed. It is the xerox I did made of the original for me to to read and correct. I indicated the typos on it.

Jim thinks it may be possible that Rorke worked for the CIA.

He disappeared over Honduras right after JFK started cracking down on this anti-Castro raids by those characters, the mercenaries and soldier-of-fortune, as I recall while flying to a conference they were having in Honduras. This was just after Loran Hall and the others were arrested in Florida.

I attached no copies of records, having all I refer to, in part because Jim said the lawyer had to have it yesterday, in part because of the cost of faxing and in part because I did not want to take the time to search for them without need. I gather the lawyer does not believe he needs them because when he phoned Jim he did not ask for them.

The big point before the court, I gather from Jim, is that the FBI refused to search for any ticklers. I enlarged it a wee bit and I suspect that the enlargement may be one of the reasons the lawyer thinks it may stir things up a bit in Maine. Perhaps I'll hear from him. He may also think that I learned about my being filed under bank robberies only from a tickler the FBI denied having is in point.

Best,

Harold
