9/23/91

Dear Mr. Schaeffer,

Thank you very much for the copy of the manuscript of your novel.

I'll read it when I can, but that now is not possible for me. In addition to the accumulation of medical problems I've having visual troubles now.

So all in all, I do not have the time I need at 78 to do the work I've been doing.

One of the things in which you expressed an interest is "in verifying the identity of Maurice Bishop."

I can't and I believe that nobody can, that there is nothing to that story.

It simply cannot be believed that any intelligence agent would bring two of his supposedly secret sources together, particularly not if an assassination were being planned. This would violate the most basic tradecraft of all intelligence agencies. And no purpose could have been served by it.

There are other reasons I do not have time to explain for not believing Vecianna.

You believe strongly that you are "right in the area of ballistics and Agent William Greer participating in the Kennedy assassination."

With regard to the latter, an impossibility, I know William Cooper was was speaking and selling cassettes about, I am confident that it is not only wrong but that it is impossible. And clear version of the Capruder film and other stills and perhaps movies leave this without doubt.

It also makes no sense that Greer would make himself the target of any close miss, not unheard of in shooting.

With regard to the ballistics, I do not know which of my books you have so I'll enclose a list of them in the event you are interested in what I wrote and published.

I'm sorry I'm not now able to help you by criticizing your novel. I hope you can understand that it now is impossible for me.

Sincerely,

Harold Weisberg

September 20, 1991

Dear Harold Weisberg,

For sometime I have been wanting to make contact with yourself. Almost a year ago I had given Jim Garrison a copy of my artwork in hopes that after seeing it would help me in varifying Maurice Bisphop identity. For whatever reason, probably because of his upcoming movie he and Oliver Stone are making he did not comply.

I have read all your books over the years and found them inspiring. In the last year my novel was accepted for publication in New York but was later rejected, so it appears that it will not be out at the same time as Stone's movie. I noticed your criticism of Stone's movie in Time magazine and was wondering if you would make a criticism of my novel before publication and if possible you would agree to help me in varifying the identity of Maurice Bishop.

I am giving you this reader copy of my novel because of your persistence in the Kennedy assasination and congraduate you for your steadfastness in pursuit of truth about the Kennedy assasination and especially for fighting the Justice Department and obtaining the release of Dr. Guinn's ballastic results. Without your help in this area my novel could never have been completed.

Although I believe strongly that I am right in the area of ballistics and Agent William Greer participating in the Kennedy assasination I am asking for your expert opinion in this matter.

Glad we finally cooresponded,

Respectfully,

*Roy L. Schaeffer*
