Dear Mr. Weisberg,

First, may I say that I am fifteen years old. I got your address from the back cover of your book. Now, to my point:

I had just read the Warren Report (900 pg. edition), when I saw you on the Alan Burke Show. I was very impressed by the way you spoke to Mr. Burke and the 'shifty' lawyers, a Mr. Danzig included. This inspired me to read your book, since I, too, found the Report to be evasive. As you know, WHITEWASH is hard to get. I finally got a copy of it on September 15. I have read the entire book.

May I say that I feel you are definitely a man who knows logic when he sees it. I thought your book was well written, and I feel that any American who is not afraid of the truth should read WHITEWASH. I am only sorry that there is no practical way of obtaining the mystery photographs, like the one taken by Mary Moorman.

I hope you will send me your autograph, since I would like a memento of this kind, besides WHITEWASH, to remind me that an intelligent, brave and daring American like you, is surely not a pipe dream.

Yours truly,
Craig Schwartz

P.S. I also would like to mention that I used to live in Silver Spring, Maryland for eight years.

Dear Mr. Schwartz,

Letters like yours, especially from your generation, mean much to me, more than I think you will be able to understand until you have had more experience with life and the problems that make it a wonderful challenge. I do thank you for it and for the kinds thoughts, which mean much to me.

Another things that comes slowly and with age and experience is patience. Do not despair of "the mystery photographs" and other evidence. The truth, with or without them will out, and it will not be too long in coming. Each individual item may be important, but none is important enough to frustrate truth.

It is possible by analysis to learn much of what might come from these pictures, as perhaps you now realize. It is also possible to exaggerate the significance of certain individual pieces of evidence.

You may soon have another tangible evidence that WHITEWASH is not a pipe-dream. WHITEWASH II is already written.

WNEW-TV also learned something from the Burke show you saw. They have taped another special, with four of us who have written books on the subject, including a very courageous editor from Texas. The program is now being ~~tax~~ edited. They will advertise it in advance. I hope you have the opportunity of viewing it.

Again, I do want you to know that your letter does make me feel good, and I again thank you for taking the time to write it.

Sincerely your ,

Harold Weisberg
