Dear Mr. Weisberg:

I have just read your *Case Open* in the last few days, and I wanted to let you know how much I appreciated your debunking of *Case Closed*. I too was appalled at the fawning reviews that the latter book received. The whole scenario smacks of a "public diplomacy campaign", in the words of William Casey.

I would like to know where I can find your books for sale. Perhaps I can get them directly from you, or you could point me to a book-seller somewhere. I would be grateful for your help with this. Your books appear in so many bibliographies that it is clear how much other writers have depended on them.

I also am interested in getting more involved in this issue. One idea I had was to offer my services as a volunteer proof-reader. If you need any such support in the near future, please contact me.

Thank you for your attention and for all you've done for our democracy.

Sincerely,

Robert K. Schwenk

Dear Mr. Schwenk,

I appreciate your letter and thank you for it.

And your offer to proof-read. I wish I now had what needed it. As you will have seen if you are a proof reader, Case Open needed it. It got it and those corrections still were not made.

If I have the need I'll ask for it, thanks.

But at 81 and in impaired health - and with no publisher really interested in factual writing about the assassinations - I'm not hopeful.

In the book I refer to NEVER AGAIN!. It could have been out about a year ago, before Posner's. I have no explanation for why it was not. Last I heard it is to appear this September. I hope so!

It has been edited and supposedly is copy read but the publisher will, I suppose, do the proof reading. I'll also go over the proofs.

I've just completed the rough draft of a long book, Inside the JFK ^{ASS}assination Industry. With what it says about publishers I fear it will remain only a record for our history.

I'm very glad you perceive the purpose of my work.

Thanks.

Sincerely,

Harold Weisberg
