Dear Tim Smith,

I'm sorry that no longer copies of Case Open are yet available. It is beyond me now.

There is much supposed information on the JFK assassination but most is the mythology of both extremes. I'm glad you have access to copies of the Meagher and Roffman books. Each in its own way is excellent.

You say you have the Whitewash books. Do you have Post Mortem, which I published in 1975?

Or this year's NEVER AGAIN!, published by Carroll & Graf?

If not, and I do not recall your earlier letter, I think you will want them.

Especially on the Commission and the medical and related evidence.

NEVER AGAIN! on JAMA, too.

Thanks for your comments and good wishes.

Good luck with your thesis,

Harold Weisberg

Dear Mr. Weisberg:

I was just recently approved to write my Master's Thesis on the Kennedy Assassination. I was greatly interested in obtaining the longer and more detailed version mentioned at the end of Case Open. I am currently attempting to assemble as much information as I can in preparation of my project. If you could send me this, or any other material that you think will be helpful in my project, please do so. I have always appreciated your precise documentation in reading all of your four Whitewash books, which I do own. Again, any documentation in reference to Posner's diatribe will be appreciated. I want to say that I have always respected your approach to the case, as opposed to the fanatics on both sides who only seem to want to further their own agenda. I have recently read both Roffman and Meagher. You are right, no histrionics there. Thank you for your integrity over the years. God Bless you and your family.

Sincerely,

A handwritten signature in cursive script that reads "Tim Smith".
