Dear Mr. Stone,

A post-phlebotic condition limits my time.

The one book I'd add is Howard Roffman's Presumed Guilty.

Much of your list is disinformation.

There is hardly a less dependable source than the AIB.

Sincerely,

August 30, 1976

My Dear Mr. Weisberg:

I am writing you in hopes that you may be able to help me in my quest for information concerning the Assassination of John Kennedy. I have been a student of the Assassination for about 4 years and have collected quite a bit of material on it.

I am currently attending Touch Shorthand Academy in Boston in preparation for a court reporting career and hope to attend law school afterwards in order to have a working knowledge of the Assassination from a legal standpoint.

I have enclosed a copy of all the material I have collected on the Assassination to date. I would appreciate it if you could give me any information on where to acquire more information. Also include your own bibliography of material. I am currently dealing with Mr. Merwin Orner of Tenafly, New Jersey; The assassination Information Bureau of Cambridge, Massachusetts; and Mr. Jeff Rose of Manchester, New Hampshire.

Thank you very much for your time and consideration.
