Dear Mr. Weisberg,

In your book Post Mortem I came across a document which caught my interest and attention. The document is the Certificate of Death for the late President Kennedy and appears on page 308 and 309 of that book.

In my research of this event I have been able to obtain several copies of Commission exhibits from the National Archives and I would like to obtain a copy of this document. I have been unable to determine the Commission Document Number, File Number, or page number for the Certificate of Death. I would like to know if it would be possible for you to provide me with that information concerning this document. I would also like to know who I can contact to obtain a copy of this document.

Your assistance in this matter would be greatly appreciated.

Sincerely,

Robert C. Summer
