Dear Karen,

Your 2/16 just in time. Our mail has gone and I have to go to the bus station to pick a student up so I can get this brief note off.

Thanks for the clips. Only one a dupe and there is a separate file in which it is appropriate.

I must have confused two different Lane broadcasts and in fact I did think he had done Cigna's show twice.

But the same need exists for what you have found on the tape you have, for Jim to have a dub of the entire tape and to conserve his time immediately, exactly those portions you note, "about having turned over new evidence to the black caucus which was instrumental in having the committee empowered. He also briefly mentioned the 'get King' tactics."

Jim's address is 1231 4 St., SW, Wash 20024.

You and the cartoon are noth great. Many thanks. See you soon?

Dear Harold,

The only tape I have of Lane doing the Cigna show is the 9/15/76 show he did with Morrow. I played it back twice last night and Lane didn't even mention Ray, let alone having gotten in to see him. In fact, the only comments he made on the King assassination were boasts ~~about~~ about having turned over new evidence to the Black Caucus which was instrumental in having the committee empowered. He also briefly mentioned the FBI's "get King" tactics, but that was it. Are you sure he made the comments on the Cigna show? If he did, then he was on again & I must have missed it. If you still want a dub of the 9/15/76 tape for Jim, let me know & I'll send it right away.

The enclosed cartoon was given to me by a friend at work who said it reminded her of me. I thought you might appreciate it.

Best,
Karen
