Dear Karen,

Haven't moved. They've renumbered the rural routes.

Thanks for the clips.

I'm pushing to complete Post Mortem so I can print it, which now seems possible.

And I'm tired.

Your judgement on going for good grades seems best to me. You can always get to shooting a rfile later. If you feel you must!

Herman Kimsey is less important for the immediate. There will probably be future need because that fake book, as of last report, is to be printed.

Howard would probably appreciate real reviews of his book. SatEvePost he has and it isn't really a review. His publisher is doing nothing.

He was here for two weeks and was very helpful.

It is Fairleigh Dickinson University Press. If it is not Madison, N.J. it is a twin small city. About three town and colleges all together. Woman's college is Drew. Books in Print should tell. In it it says Associated University Presses, Inc., Cranbury, N.J. 08512.

In losing spectro/NAA suit I got some valuable information the finks-crooks appear not to have understood. As soon as the Ray appeal is filed we'll do this one. We've filed notice of it.

Meaning more work, too.

Thanks and best,

Dear Harold,

Between work and school I haven't had a chance to send these clippings until now. I finally finished up work and was really glad to get back to classes. I'm going to have a lot to do this term because in addition to my classes I'm assisting in the teaching of a course. I also got picked for the rifle team, but I don't know yet if I'm going to have time to practice let alone go away for matches. Since this is my last term, I'd really like to do well and improve my chances of getting into law school, so if I have to drop the rifle team it'll be worth it if it results in better grades. I'll be spending a lot of time in the library, so if there's anything you'd like me to check let me know. I haven't forgotten about checking Herman Ramsey; I'll probably be going to the Data-Bank this week to work on a paper, so I'll see what I can come up with then.

I've read a couple of reviews on Howard's book and would like to get it. Do you have the address where I can write for it?

Take it easy and when you get a chance let me know what's happening, if anything, with the Spectro/NAA suits.

Best to you and Lillian,
Karen
