## 5/17/75

## Dear Reren.

Your 5/i5/ made me wonder if I actually forgot to include those early medical reports in Post Mortem! I remember using at least one Pimes and at least one Post story but I'm not at all sure they included these estinatea of what happened to the anterior neck bullet. I'd appreciate copies just to be sure. I remember thom from the time and beinc reminded of them now also reminds me of a point at which, if I forgot them, they's make good footnotes. Can you spare copies?

You did not know I'd been ill because I forgot to mail the note. "t is enclosed.
I'm coming along vell and I'm not sick but I remain a bit weak. A half hour of grass mowing bushes me for a while.

It is not pride you swallow on that job. $L_{t}$ is false pride.
Congratulations of your fine scholastic record!
I'll think of sotethfig for the Times index when I cesn clear my mind, In fact, I'd like ta recall what I d asked of another from whom I've heard nothing.

Those clips from the Pgh papers wore valuable. There has been some strange stuff in Dellas not in the Post, so if you see anything at all I'd appreciate.

Roger Craig killed himself. The odd thing is that two nighte before it happened $I^{\prime} d$ gotten a report that he ${ }^{2} d$ one this two months earlier. But he did it himself. In front of both his parents yet.

By November CBS will have to change its present plans.

Just thought of a ${ }^{\text {mimes check you can make but don }}$ " know the years. After World War II Harold Ober started a literary agency in "ew York. सis wife died recently, in her 80s. On 2/26/75. Harold died in 1959. I'd 14 ke his obituary. I am interested in seeing if he has a sone named Richard and where, if it says, Tichard then was. My interest is Richard, so if it is possible, I'd like an annual check in the index on him to learn what he was doing, if reported.

No new developsments spectro, HAA suits. Due in court again $5 / 21$ but the government has not yet responded to our interrogatories. However, our preparations are going well. The big problem is what can be ruined by the rippoff artists, one of the most persistent of whom is near you.

Our best,

Dear Harold,
