Most of the past three days I've been at an action conference at the Univ. Md. I also made two speeches, one prepared and the other ad libbed to close it after some pretty tough ones to follow.

It is a very hot day, so I'm more tired.

Just looking at the stack of mail is tiring.

But I'ver read it allower I can finish it up tonight and in the early a.m. if Iz can stay awake tonight.

I've read the valuable things you sent with your letter. Whether Rachard N. is Richard plain is not too easy to determine with voids in the directories. If they are the same, then the existence of the agency where agencies are not normally located would be worth following. With an agency Richard N. ought not be immodest.

If I didn't tell you about Contemporary Authors I should have. Writers are listed in it. If an agent is a writer then they ask for his blo.

The printout has a psecial walue because it consolidates at one point all that I can remember ebing printed.

I have not had time to read the Rockefeller Report but the press attention and logic indicate they downplayed this early part of the domestic oprs. I am absolutely certain I was of interest prior to the protests. And it would have been under Ober.

For the moment every minute I can't find has to be on the spectre/NAA suit. They are trying to rewrite the law on this again, meaning with this and me, and I have to do all I can to prevent that. I've drafted another long affidavit. Jim will cut and edit it. Then we'll file it. I did file a long and hard one 6/3. No response to it yet. I also made some of what I'd obrained public Friday night. After Jim finishes it up we'll have to get together so I can go over it for accuracy and then once certain execute it.

We have formed an allience with some conservative students who are in basic agreement with our views. The plan now is to activate as many students and campuses as possible for letter-writing to their Congressmen. Senators too. In their own words saying what they want. Jim and I am not part of this. We were just there. Students are doing it. Copies to us where possible would be a good idea. ISEI forward the copies when organization is farthur along.

If you can help it would help. And if a group of students out there would affiliate and attract others to, so would that help. It would be good to get as many representatives as possible from as many colleges.

Thanks much and our best,
