

1/5-Thanks for the copy and the return of my memo to Ed on Vince's sickness in print and words. There is more I have done, having no relationship to him, on the P. Papers. The more serious point Vince did make that is willful lying is to say that no thought has been given to the context of the assassination. He sat here with Gary in the summer of 1968 read and flipped over the first part of what was then COUP (the omitted part), said it had to be printed, just had to, then did nothing. He is and was quite familiar with my work for TIGER TO RIDE, partly written and on precisely this. Given the fragility of memory, it is not yet possible for me to assume he did not know better than he said. It is his sick ego vomiting out again. He has also persuaded JG that this is the new given word and JG is engaged in an enormous research to establish that black is indeed white. You are correct in saying that were one hunting agents, candidates would not be lacking. Hope you are feeling better. JP has left and HR is here. Sincerely,

Dear Harold -

Many thanks. I was incensed by Salendria's glib demagogues
and agree with your diagnosis. Here is your original copy
plus an extra xerox just in case you should need one.

I have sent a xerox to Mary Ferrall as you originally
requested. By Salendria's own criteria, he more than
any one else is suspect as a "double agent" but I
don't believe for a moment that he is anything but sincerely
paranoic. All the best, Sylvia
