Dear Mr. Salisbury,

It is a kind and thoughtful letter and gift and I do appreciate both very much. It represents what has meant very much to my wife and me over the years. We did what we thought we should as citizens do and it is really gratifying to know that our work has had meaning to so many caring people.

You ask what I think about the new books you refer to. I begin with an explanation that in general applies to all of them.

It is not easy for people to believe that when their President was killed the government never investigated the crime itself. Instead, it sought to sweep the whole thing under the rug of a totally impossible and preconceived solution.

Because there never was the investigation the people expected what leads there might have been do not exist and there is just about nothing that can be followed up. To a degree this accounts for the outpouring of pretended solutions by various writers most if not all of whom theorize who did it.

I make these statements on the basis of a rather large study of what the Warren Commission published and had in its files that I examined at the National Archives, on the basis of examination of about a third of a million pages of once-withheld records, mostly the FBI's, and on the basis of my own work in Dallas and New Orleans.

I do not try to give you false comfort. I'm telling you the truth - well, the truth is much worse. What the government did is seriously faulted, which is worse than just not investigating the crime. For example, some of the FBI lab work the results of which I got through FOIA lawsuits that forced its disclosure of those records to me, is as phony as a three-dollar bill. Besides which there is lab work it did not do. I don't have time to go into this but it is not an isolated instance or two. They were covering up their coverup. Take the ballistics expert, SA Robert Frazier. He reported on the results of the spectrographic analysis of the curbstone that was struck by a bullet or a fragment of a bullet. He testified to the Warren Commission that this could have been caused by the core of a bullet. But I have it in his own handwriting that he said it could have been caused by an auto-wheel weight. I could go on and on like this.

If you recall one of the books you mentioned, Contract on America, there is virtually nothing at all about the crime itself in that book - only the merest mention and that based on the assumption of the correctness of the Warren Report. There is no evidence at all that even justifies the suspicion of mafia involvement.

I've not read Crossfire but I understand it is a compilation of all the nut theories made up by people who knew little or nothing about the evidence that is available and made no effort to examine that evidence. Marss himself is ignorant of the existing evidence.

My belief is that these books have helped the government avoid doing what it didn't do, make any real investigation. I've countless pages of FBI reports in which they take what they like best from these books, show how wrong it is, and distribute that to those who have asked questions inside the government. By this means they have persuaded all who had questions that the books are all wrong. This is to say they have helped the government cover up while deceiving and mislead the people who care.

Good luck in your presentations, best wishes, and again thanks.

Sincerely,

  
Harold Weisberg

My dear Mr. Weisberg:

Another anniversary is upon us-the tragic, untimely death of a President on Nov 22, 1963! Yes, I hold you in high regards and respect sir.

May I say thanks again for your letter reply and autograph some time ago? I know your a busy man so, I will keep this brief. My deep interest in this assassination is, of course, very minute compared to the years you have devoted but, it seems almost like a lifetime since starting about three years ago. I work full time and squeeze in some reading of your fine books and others before I sleep during the day ( I work the night shift) and try to again read inbetween normal family activities, in the evenings before going back into work! Our local paper did a story on my interest in the JFK murder and its quite possible another paper will be interviewing me again. Possibly this week? Everyone at the shop knows about my study on this so many come up to me and tell me of paper articles, television upcoming shows, and library's and the bookstore keeps me on my toes!

But, enough rubbish on what I do! The reason I write today is to inquire about what you think of these new, updated, latest books coming out? Do you feel they are headed in the right, truthful direction? Books like Contract on America, Crossfire:, High Treason, and I just got tonite the updated Summers book Conspiracy- sir, what is your thoughts on these?

Thanks very, very much for your time and patience in reading this and rest assured that to people all over like myself included sure think your a super guy! I think often of your name and books and devotion, this I will never forget all my days. Best wishes and may you also be in best of health.

Your Respectful

Reader and follower,

Karl D. Salisbury

Dear Mr. Weisberg:

Received your letter on 5-12-90, thank you very much for your reply and autograph in which I've already placed in my album collection! Inclosed is my check for the order and if possible could you send another order blank? I have a couple interested friends which might also want to order from you.

I remember seeing you on that television special, I believe about two years ago and from that moment I knew I wanted to write you. Can a letter make a persons day (?)- yes it sure can especially when its from a man I hold in high regards and for the respect you surely deserve. I've no doubt you have a very, very, large following of people who feel the same way not just in America but, all through out the world- those interested in that infamous day who know Harold Weisberg well.

I wish History books could be re written so at least the children of Lee Harvey Oswald would not have to carry around the burden of his being the fall-guy of the Century.

Best wishes from my family to you and yours and God Bless. Your lifetime of hard work and devotion to the assassination of John Kennedy surely has been the foundation and groundwork for all those others who followed; which they are greatly indebted to you. Many thanks again for your taking the time to write me!

Respectfully,

Dear Mr. Salisbury,

~~Harold~~ What you say surprises me. Unless they are not rational I answer all letters and I've gotten only a very few irrational ones.

I get so many letters I can't remember them all so I have no recollection of getting one from you. But if I did, I did answer it and thus you have my autograph on that letter, as on this one.

You say my books are hard to find. True but we do our best to keep them available. I enclose a list in the event you do not have some and want them for your collection.

Only Oswald In New Orleans is not available. I did not print it myself.

The first of the Whitewash series is now out of print. But we keep it available by means of a rather good xerox, actual size, with durable paper and binding. But it costs more. When we can get copies of a printed edition, we provide them.

Thanks for your kind words.

Best wishes,

Harold Weisberg

PERHAPS MY EARLIER LETTER WAS LOST IN THE MAIL OR MISPLACED BUT, NO COLLECTION OF JFF MEMORANDA COULD BE COMPLETE (MY OPINION) WITHOUT YOUR "AUTOGRAPH". I HAVE GREAT RESPECT FOR YOUR DEVOTION AND TIME AND MONEY ON BEFORE, DURING, & AFTER THESE SPENT SEARCHING FOR TRUTH IN DARK DAYS. MAY I AGAIN TAKE THE KENNEDY TRAGEDY IN WHICH THE LIBERTY OF REQUESTING YOUR AUTOGRAPH? I WOULD APPRECIATE THIS VERY MUCH. MR WEISBERG!

I HAVE READ SOME OF YOUR HAND TO FIND "WHIZWASH SERIES" BOOKS - MEAN A LOT TO PEOPLE AS MY SELF WHO SHARE THESE

AND THEY ARE CLASSICS, AS I FULLY UNDERSTAND YOUR WORK, EARLY IN THE YEARS, WASN'T POPULAR WITH THE GOVERNMENT OR MANY PEOPLE. MANY THOUGHT LOST TO KEEP 11-22-63 SWEEP UNDER THE RUG BUT, THANKS TO MEN SUCH AS YOUR SELF WE ARE MUCH CLOSER TO WHAT WENT SPENT SEARCHING FOR TRUTH IN DARK DAYS. MAY I AGAIN TAKE THE KENNEDY TRAGEDY IN WHICH THE LIBERTY OF REQUESTING YOUR AUTOGRAPH? I WOULD APPRECIATE THIS VERY MUCH. MR WEISBERG!

YOUR WORK DOES INDEED AS MY SELF WHO SHARE THESE

same concerns and interest.  
My meager (2 years) of study,  
collecting, and reading, of  
course, isn't a spit-in-the  
bucket compared to your  
time but, I'm trying to  
appreciate what dedication  
others have spent before me.

I hope this note finds  
you well, and in good health,  
and I just want to extend  
my "thanks" and best wishes  
to you Sir. You've not been  
forgotten nor your work |

DEAR MR. Weisberg:

I JUST WANTED TO WRITE YOU SIR,  
TO SAY I HAVE GREAT RESPECT FOR YOU -  
A TRUE PIONEER RESEARCHER OF THE JFK  
ASSASSINATION! THOUGH, I'VE ONLY  
BEEN DEEPLY INVOLVED IN READING AND  
STUDYING THE EVENT OF NOV. 22, 1963; (FOR  
ABOUT 2 YEARS), I HAVE READ SOME OF  
YOUR (WHITE <sup>GREAT</sup> WASH) SERIES. YOU ARE A MAN  
TO BE ADMIRER FOR YOUR STEADFAST, BRAVE,  
STANCE ON THE JFK MURDER AND YOUR BOOKS AND  
WRITINGS ARE HIGHLY RESPECTABLE - I THINK  
YOU HAVE DONE A WONDERFUL JOB OVER THESE  
LONG YEARS!

I RECENTLY PURCHASED A BOOK  
CALLED MAFIA KING FISH BY JOHN DAVIS AND  
IN LOOKING AHEAD I CAME ACROSS YOUR  
ADDRESS IN THE BACK SECTION. I KNEW RIGHT  
THEN AND THERE I HAD TO WRITE YOU AS  
I DIDN'T THINK I'D FIND WHERE TO WRITE YOU

but have wanted to for quite some times!  
Your commendable ideals was to find and  
tell the truth on this tragic event - while  
others wanted to keep ~~the~~ the truth  
buried in lies and deception.

Might I ask for your "Autograph" or  
autographed photo to place in one of  
my scrap books? I've collected several  
scrap books of JFK related memorabilia and  
yours would be a very meaningful addition  
to it sir! I would appreciate this very  
much as I want my grand children  
some day to be able to tell the difference  
between truth and lies. Our hometown  
paper did a big front page article on my  
assassination - JFK interest - awhile back. Wish  
I could get more people interested!

Again, I just want to say "Thanks"  
for all the years you have spent of your  
life on this work - people like my self  
really appreciate what you have done!

Best wishes Mr. Wiseman! Thank you for  
your time.
