Dear Harold:

Just talked to Gloria, and she advises me that you are confused. It was not her Shul that asked you, also all is well, and she will not be angry with you.

Attached is our letter to Jack.

I'll keep you posted as to what answer I get, also I'll keep Gloria and her husband advised, and invite them.

Azzever,

Dear Jack:

On September 19th, we hope to have Harold Weisberg to speak at our Men's Club opening meeting.

We are holding this in collaboration with another Synagogue, and we should have about 40 people.

I know that you and Harold belong to a "mutual understanding society". Also many of our congregants have expressed their admiration for you and your show.

We, of the Men's Club, would deem it an honor if you would accept an award from us for your brilliant work in informing, and bringing important issues to the public's attention.

Our meetings start around 7:30 P.M., and we can promise you that you would be out in plenty of time for your show.

Sincerely yours,

David Salsburg, President
Men's Club, S.J.C.C.
